

C Language Programming: Homework #8

Assigned on 01/03/2012(Tuesday), Due on 01/15/2012(Sunday)

Use the variable list (`va_list`) to a function similar to `printf` called `my_printf()` so that it can take predefined `%j` and `%k` parameters to print the bit patterns of interger and float, respectively. Write a main program to test your function `my_printf()`.
